Notes:

- 1) State totals do not include funds that support the North Carolina Department of Public Instruction (DPI). The FY 2012-13 budgeted amount for DPI activities was \$38,839,901.
- 2) County expenditures include all expenditures not made with State or Federal funding.
- 3) These amounts are for current operations and do not include yearly expenditures for school capital, as they vary greatly from year to year. From 2006-2010, the average statewide per-pupil capital expenditure was \$595 per student. Local funding is the source for more than 90% of the expenditure.
