It's easy to become complacent when our state is riding a wave of success, and forget the days when liberals routinely raised taxes and raided transportation funds to pay the bills.

For the past eight years **sound conservative budgets and responsible spending** have powered our state to the greatest economic growth and lowest unemployment rates of the past 18 years.

Sound conservative policies have given our families and business owners greater opportunities, freedom to operate with fewer burdensome regulations, choices in education, and protection from an extreme left-leaning agenda that threatens the well-being of our families and children. There is more we must do.

PRIORITIES

- *Continue conservative tax and spending policies that have propelled our state to the top of national ratings for business and economic growth.*
- *Encourage free speech on school campuses—not suppress it.*
- *Address school safety without taking guns away from law-abiding citizens.*
- *Pass a clean Voter ID law.*
- *Stop efforts by my liberal opponent, Billy Richardson, to return to the failed high tax, over-spend, and over-regulate policies of the past.*

I believe that my experience as a tax attorney, small business owner, and active community volunteer has prepared me to represent the interests of our community with a common sense conservative voice.

We need to **raise \$25,000 in the next 30 days**. Early money in a campaign can be leveraged, so reaching this goal as soon as possible is extremely important. Please consider sending whatever contribution you can now to maximize the impact it will have on the outcome of this election.

Thank you for your support!
